1 SOCKETED STEEL GOLF ENCLOSURES BUY NOW

The ideal practice cage for all golf clubs, manufactured from 38mm diameter x 1.6mm galvanised steel uprights and topods. Complete with tube clamps, 460mm deep steel sockets fitted with stabilising base plates. For safety these bays have been designed so that the net is suspended on the inside of the frame to prevent ball rebound. Steel enclosures may not be suitable for exposed and windy locations. Available as single or double bays, however triple or larger bays can be quoted on request

- GLF/002/ENC*** Single bay frame 3m x 3m x 3m
- GLF/003/ENC*** Double bay frame 6.1m x 3m x 3m
- GLF/004/ENC*** Cage nets complete with integral sewn in curtains (2 nets required for double bay)

Triple Bay Golf Enclosure
