

HEIGHT "H"	GROSS WEIGHT MANUAL	GROSS WEIGHT ELECTRIC
9m	168kg	203kg
8m	154kg	189kg
7m	140kg	175kg
6m	126kg	161kg

"H" = HEIGHT FROM UNDERSIDE OF SUPPORT STEELWORK TO F.F.L
 ADD 320kg LIVE LOAD AT CONNECTION POINTS
 BETWEEN RING AND BACKBOARD

Goals can be either electrically or manually operated, with the lifting cable following an appropriate route, as shown above.
 Frame, lifting steel and winch assembly are fixed to beams using 'lindapter' girder clamps.
 Supporting steels fixed to roof structure by most suitable method.
 Goals are blue in colour (RAL5010) as standard.
